

Discover VAL-FAB, Inc.

Our Strength is Diversification

VAL-FAB, INC., a Service-Disabled Veteran-Owned Small Business located in Neenah Wisconsin, has become the leader in the "Build to Print" custom metal fabrication and manufacturing industry.

VAL-FAB, INC. specializes in the fabrication of Tanks, ASME Pressure Vessels, Heat Exchangers, Hoppers, Cyclones, Structural Steel Components, Steel Joist, Decking, Stairs, Specialty Weldments and Brackets, OSHA Guards, Hand Rails, Ladders and Platforms. We work with all types of steel including: Stainless Steel, Aluminum, Mild Steel and Alloy Steel. Our company also supports a wide range of welding certifications including: ASME, AWS, API and USDA Approved Standards.

VAL-FAB, INC. serves many major clients including the US Government, Lockheed Martin, 3M/Imation, GE Oil & Gas, General Dynamics, Prime and General Contractors, and many other OEM Companies. VAL-FAB, INC. has production capacity available of over 120,000 square feet and crane capacity to 30 ton. VAL-FAB, INC. is committed to investing in our company and our dedicated employee's to achieve our goals and service our customers for the future. VAL-FAB, INC. has invested in the latest specialized fabrication and detailing software to complement our added employees and fabrication expertise.

VAL-FAB, INC. is meeting the future head on.

Experience, Expertise, Service, Project Management and Value are the reasons you should choose VAL-FAB, Inc. as your fabrication partner.

VAL-FAB, Inc.

Custom Metal Fabricators

ISO 9001:2000

VAL-FAB Inc. is absolutely committed to meeting and exceeding our client's expectations in terms of the quality of products and the services we provide.

- ◆ ASME Pressure Vessels
- ◆ Heat Exchangers, Condensers & Evaporators
- ◆ Thermal Oxidizers, Dryers
- ◆ Columns
- ◆ API & Non-Code Tanks
- ◆ AWS Certified & ASME Certified Welding
- ◆ Laser Cutting and CNC Forming
- ◆ Complete Mechanical Assembly

Industries Served

- ◆ Prime Contractors and Military
- ◆ Ethanol Production
- ◆ Bio Fuels Industry
- ◆ DOE and DOD
- ◆ OEM Manufacturing
- ◆ Chemical and Pharmaceutical
- ◆ General Contractors and Engineering Design Firms

Equal Opportunity Employer

ASME Pressure Vessels and Heat Exchangers

- ◆ Complete Project Management
- ◆ Manufacturing Space Available (120,000 sq ft)
- ◆ Short Lead Times
- ◆ ASME Section VIII Div 1
- ◆ 30 Ton Crane Lifting Capacity
- ◆ Automatic Seam Welder
- ◆ Complete Skid Assembly
- ◆ In House Design Calculations and Shop drawings
- ◆ Certified "U" & "R"
- ◆ Large Turning Rolls

VAL-FAB, Inc.'s has over 120,000 square feet of manufacturing space available for welding, forming, and assembly. Val-Fab is certified for fabrication of Pressure Vessels, Shell & Tube Heat Exchangers, Evaporators, Reactors, Condensers, Clad Vessels and Jacketed Vessels requiring a "U" stamp. We also fabricate API tanks and custom Non-Code items. All pressure vessel engineering is done in-house using ASME design guidelines and calculations and is independently checked by ASME Certified Inspectors.

- ◆ Alloy Steel
- ◆ Aluminum
- ◆ Carbon Steel

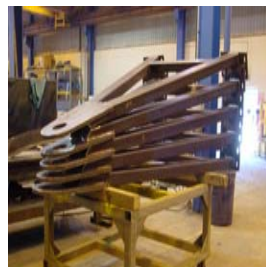

ASME Certified Welders

Government and Military Fabrication Services

Proudly Serving Prime Contractors and Government Agencies

- ◆ General Dynamics
- ◆ Lockheed Martin
- ◆ Oshkosh Truck
- ◆ Marinette Marine
- ◆ US Army Corps of Engineers
- ◆ US Armed Forces (Navy, Army)
- ◆ Healy Tibbits Builders
- ◆ TTI—Marine Corps
- ◆ UPI Manufacturing—Armor Plating

Custom and OEM Fabrication Services

- ◆ Laser Cutting up to 1" thick (4000 watt)
- ◆ CNC Burning & Plasma
- ◆ CNC Press X 12 ft (350 ton)
- ◆ Shearing (to 1" thick)
- ◆ Plate Rolling (to 5/8" thick)
- ◆ Forming (500 tons)
- ◆ Sawing & Stamping
- ◆ Machining
- ◆ Complete Mechanical Assembly
- ◆ In-House/On-Site Painting
- ◆ OEM Production Capabilities
- ◆ Hardfacing
